## HALO INTERNATIONAL BROADENS ITS EXTENSIVE LINE OF BRASS URNS MAKING IT THE LARGEST COLLECTION IN THE INDUSTRY

Mark Pennington, creator and founder of Halo International has brought new shapes, colors and detailing with the addition of 21 new urns to his existing collection of 55 brass urns thus creating the largest inventory of brass urns in the entire industry. The popular ruby red finish is prominent in the series, along with rich, dark hues of cobalt, marbled browns, neutrals, and pastels providing truly enormous choice in the purchase of a brass urn. All offer remembrance-sized versions and all are exclusively available only through Halo.

No other firm in the industry can respond to urn personalization as completely and specifically as HALO. Moreover its commitment to price, quality, and service makes HALO, the manufacturer and distributor of the world's most unique collection of products for the funeral and cemetery industries, a trusted supplier.

A brochure featuring the new additions to our Brass Urn Collection is available online at [www.halointlcorp.com](http://www.halointlcorp.com), or by requesting a printed brochure from your Halo International Corp. representative.
